## Sports Day Successful

### SPORTS DAY SUCCESSFUL

The second annual Sports Day held here today, Wednesday, was fairly successful along sports day. The weather, while slightly rather cloudy, was not too bad and there was only one shower about supper time. There was an attendance of about six hundred and fifty, which is considerably better than last year. The entries in most of the races were fairly well filled. The race which aroused the keenest interest in the crowd as a whole, were the two novelty races, the Roman race and the Prairie Schooner race. There were only two entries in each of these but they were an interesting watch as it they had been a dozen. A slight accident occurred in the Roman race when after finishing the riders were stopping their horses and the team at the back ran into the forward team knocking their rider onto the ground with some force. The two Prairie Schooner races with four horse teams were driven by Marshall Miller and Wilfred Miller and made a most interesting race to watch. The running and harness races also brought forth some fine specimens of horses.

There was very little else on the grounds to draw attention hence the races were fairly well followed by the crowd. The Markerville band in attendance furnished some music which helped things along somewhat and there was a refreshment booth close at hand to fill wants along the line. There was also a nigger hole proposition on hand which however was not well patronized. The Didsbury Midgets baseball team played some of the country boys and succeeded in defeating them.

In the evening a ball game was played between Oids and Didsbury in which Didsbury won by 2-3 when the game was called in the fifth inning on account of darkness. The boys put up a real snappy game and it is certainly worth while to watch them play this year. A buckskin horse was then rode by a cowboy on the grounds, which furnished a fairly more excitement and drew quite a crowd. After this the main attraction was the moving pictures, which drew a capacity house. The dance following the show, was furnished with music supplied by an orchestra from the north and an excellent time was reported by all present.

### TRIDER CASE TO BE APPEALED SAYS BROWNE

Announcement was made that the case of Elton E. Trider, found not guilty of the murder of Constable Charles M. Paris of Brundellier, will be appealed, was made yesterday by J. E. Browne, provincial attorney general. Mr. Browne said that he had instructed Elton Trider, K. C. crown prosecutor, to appeal the case on the grounds of irregularities in the address to the jury dealing with the manslaughter, which was made by Justice W. L. Walsh, who presided at the trial.

Trider was tried on June 1 of the charge of the murder of Constable Paris by a jury which rendered its decision after deliberating 29 minutes—Morning Albertan.

### CONFERENCE CLOSES

The 12th General Conference of the Church of the Brethren, which has been in session at Victoria park Calgary, for the past ten days, came to a close Wednesday afternoon. By all who were in attendance it was one of the most successful conferences from many standpoints that has yet been held. True, the attendance was not large, not even as large as had been hoped for, but the spirit of the meeting was of the very best. The very best of feeling was observed throughout the entire conference. The program, with its high order, and the various departments of church work well represented.

## Money Waste

The middle aged man, mindful of his past will urge you not to waste small sums. He will tell you to with a sigh of regret, what he might have accomplished had he, years ago, realized the multiplying power of trifling sums.

Stop all the waste you can, and keep your money in a savings account where it will grow to help your future.

Double your Savings "IT CAN BE DONE"

## AROUND THE TOWN

Thursday, June 21st, is the long day of the year.

Mr. W. McCoy was a business visitor in Calgary this week.

Miss Vera Schwartz, who is now teaching at Inverness, was visiting her parents during the week end.

Miss L. J. White, who is now teaching at Inverness, was visiting her parents during the week end.

Mr. Henderson, who is now teaching at Inverness, was visiting her parents during the week end.

Mr. Gray of Vancouver is visiting at the home of Mr. and Mrs. T. H. Roy.

Miss Marie Cameron of Calgary spent the week end at the home of Mr. and Mrs. W. G. Loomis.

Mr. Joe Henderson of Calgary was a business visitor in town on Monday.

About four auto loads of Macon moved to Oids on Sunday to attend the Macon services held in the Presbyterian church here.

John F. Miller, the Eye Sight Specialist of Calgary, will be in Didsbury at the Hotel on Wednesday, June 27th.

The combined farmers are bringing up the grass and grain in this district in good style. The crop throughout the province would indicate a bumper crop in Alberta this year.

The Junior Basketball Team returned to Oids on Tuesday to have a friendly game with the Oids team. The Oids girls have greatly improved in their playing and managed to win the game, the score being 1-0.

The annual Children's Day services of the Zion Evangelical Church Sunday school will be held on Sunday evening, June 24th, at 7.30. The choir and an orchestra will assist in the program. A special program of singing will be taken. All welcome.

Examinations are on full swing in the High school now and the pupils will be finished next week. In the lower grades the pupils get out when they have finished their exams and most of the grades will be out early in the week.

Miss Helen Anderson of Edmonton will give a lecture at Community Hall on Friday, June 29, at 8 p. m. on the subject of "The Women's Movement." A hearty invitation is extended to all who wish to attend. Ladies are requested to bring cake or sandwiches.

Last Wednesday and Thursday quite a number of Macon from the local lodge attended the Grand Lodge meeting being held in Calgary. They all report a most enjoyable time, which included a banquet at the Palliser Hotel. Those attending were T. Thompson, A. Brown, D. Brown, J. McNeil, Dr. Clarke, W. Dick, A. Campbell, B. Barrett, A. Barker, E. Johnson, D. Edwards, C. Dickey and J. Grant.

## Baptist Services

SUNDAY, JUNE 24th, (D. V.)

10:00 a. m. - Zella  
11:00 a. m. - 11:15 a.  
7:00 p. m. - Westcott

"The Cross the Touchstone of Faith" will be the general theme of a series of sermons to be delivered at Zella and Westcott. June 24th, "The Cross and the Girdle of Sin"; July 1st, "The Cross and the Power of Sin"; July 8th, "The Cross and the Life of Sinners."

MRS. H. W. CURRY

## MILLINERY SALE

A big reduction in all millinery at Mrs. Peterson's. Prices cut in half Friday and Saturday of this week to continue until June 30th. 2624

## A WEDDING DANCE

A dance was given in the Melvin school in honor of the marriage of Mr. George Young to Miss M. Brad. The dance was held from 8 p. m. to 11 p. m. on Tuesday. The school was so well filled that there was no more available sitting space and many had to stand at the back of the room. The music was good and the crowd all turned in and had a good time. After a dance luncheon had been served the happy couple opened the parlors which had been brought as tokens of esteem from those present and many were the beautiful and useful articles displayed on the desk in the centre of the room. The bridegroom in a short but earnest manner thanked those present on behalf of himself and wife, for these tokens of friendship, following which the dance swung on into the small hours of the morning.

## Comment On Current Events

The announcement by President Davis on behalf of the C.P.R. that Canada's greatest Company is prepared to voluntarily cancel existing land agreements between itself and some 20,000 Western farmers and rewrite the same on more favorable terms of payment by the farmers is most gratifying. The announcement points out that during the war years in response to the universal demand for greater production, and the then prevailing high prices, many farmers purchased more land and more equipment. Grain prices have fallen, but the high costs of production have been maintained. There have also been successive seasons of crop failure in various sections. As a result farmers have fallen behind in their payments, both as to principal and interest, and a small number of them have become somewhat discouraged.

Rather than have these farmers give up their farming operations and possibly leave the country, the C.P.R. offers its full assurance of payments to the Company to cancel existing agreements and to give them new ones providing payments for lands covered a period of thirty-four years, at the end of which time they will be given title to the land, these payments covering both principal and interest, and the annual payment guaranteed to exceed in no year more than 7 1/2 per cent. of the purchase price of the land, thus assuring the farmer a reasonable amount for himself out of the year's operations.

In announcing this policy, President Davis emphasized a view repeatedly expressed in this column, namely, that any successful immigration policy must be first of all based upon contented settlers already in the country; that nothing is to be gained by inducing in new settlers if those already here become so dissatisfied with conditions that they move out. The new policy announced by the C.P.R. has been received with raptur in all quarters, and it is a policy which might well be adopted by other companies having large interests in Western lands.

The co-operative marketing of selected livestock for shipment to the British Isles, now that the embargo has been lifted, and which was recently demonstrated in the case of 1,000 head inspected at Winnipeg by the Premiers of the three Prairie Provinces, is worthy of every encouragement and support. The development of such co-operative marketing holds great promise of profit to Western Canadian farmers, and energetically prosecuted should prove an important factor in offsetting the disastrous effects on the livestock industry of the West resulting from the present prohibitive United States tariff. If the United States does not want our cattle, Great Britain does, and all that is necessary to secure a large and profitable market overseas is the exercise of care in shipping the right type, well selected and uniformly graded. Co-operative marketing, too, will assure to the Western breeder the receipt of maximum profits, instead of those profits going into the pockets of middlemen.

However opinions may differ in regard to the budget introduced by Finance Minister Fielding at Ottawa, there will be but one view entertained by the people of Western Canada regarding the renewal offer of Reciprocity with the United States. Reciprocity may be a controversial political question in the East, but not so in the West. With but a few isolated exceptions here and there, Liberals, Conservatives and Progressives throughout the West are supporters of Reciprocity with our neighbors to the south. This is not a partisan political issue in the West; it is accepted as an economic question, pure and simple, and everybody will be pleased to see it again made a live question.

This is the season of immigration from Europe to Canada, and every week witnesses the arrival of hundreds, oftentimes thousands, of incoming settlers at our Atlantic ports. But the number of arrivals is not as great as it should be, nor at all up to the number which it has been officially stated Canada can easily assimilate. The matter could and would be substantially increased if the Government would but say the word. It has been alleged over and over again—and the charge is true—that it is the uncompromising and ill-considered attitude of organized labor which deters the Ottawa Government from encouraging a larger immigration. Labor urges that it would mean an increase in unemployment, although all past experience goes to prove the reverse to be true. If labor is correct in saying that Canada with less than nine million people, and boundless natural resources as yet undeveloped, cannot provide work for more people, how does labor account for the present stream of people going into the United States with its 110,000,000 people and nowhere near the same resources, calling for development? It is because the big population in the United States requires such an enormous demand that there is work. If Canada had more people there would be more work for all, and, until we abandon the present pass-the-buck policy, our Dominion will continue to grow and develop only at a snail's pace.

### Sending a Sample

As an example of what Western Canada can produce in the way of cattle, Col. H. A. Mullins, of Winnipeg, has purchased a young shorthorn which he will send overseas to be shown at all the principal livestock centres in Great Britain. It is a two-year-old steer weighing 1,410 pounds, well over 250 pounds heavier than the average three-year-old.

### Grain Shipments West

More than 5,000,000 bushels of grain have been shipped from Edmonton over the westward route to Vancouver since the 1st of January. This is the Dominion Grain Inspector. This is 2,225,000 bushels in excess of shipments for the preceding year.

### Replacing Church Bells

Germany's republican government has decided to show material appreciation to the churches which permit their bells to be turned into bullets in furtherance of the late war, by replacing them with church bells. Freight charges will be waived on shipments of all new bells procured to replace those given up during the war.

### Not Used To It

"Here, said a lady to a beggar, 'I have a glass of water—pure, cold and delicious water. What? You refuse it?' He shook his head and sighed. 'I have to make it,' he said. 'You see, I've got an iron constitution, and I would waste it.'"

## "I Now Feel Fine"

Mrs. P. G. Murdoch, Box 433, Portage la Prairie, Man., writes:

"I was troubled for years with biliousness, constipation, kidney and liver troubles. I tried many different kinds of medicine, but nothing did me much good until I tried Dr. Chase's Kidney-Liver Pills. I now feel fine, but am never without these pills in the house. Dr. Chase's Ointment has relieved my husband of piles, from which he used to suffer badly."

**DR. CHASE'S KIDNEY-LIVER PILLS**

One pill a dose, 25 Cents. Sold by all dealers, or Edmondson, Bates & Co., Ltd., Toronto.

## Joint Stiffness Goes, Swellings Disappear Pain Is Subdued

No Lintiment Gives Such Universal Satisfaction As

## NERVILINE

It is the most penetrating power of Nerviline, which penetrates through the skin, and acting on the muscles, the pain, penetrates quickly through the tissues, and brings about a complete relief of pain. No lintiment compares to Nerviline in its ability to relieve the most severe pains and the that arise in every locality. Nerviline should always be kept handy on the shelf. Use it for Rheumatism, Lumbago, Neuritis, and Colds. 25 cents at all drug stores.

## Proposed Alpine Resort

Work Has Commenced On Ambitious Undertaking at North Vancouver

Work is commencing on the proposed Alpine resort, on the plateau of Grouse Mountain, North Vancouver. The sum of \$250,000 is to be expended on providing a hotel, wagon road, motor road and hotel. According to the agreement with the city \$100,000 must be spent on the property within two years. The hotel will be within easy reach of the city and will provide opportunity for tobogganing, snow-shoeing, skiing and all winter sports, whilst a large area will be set aside for parking cars.

## Manitoba Dairy Production

A larger increase in the production of dairy products was recorded in the year in Manitoba's history was recorded during the past year, according to the annual report of the Dairy Commissioner of Manitoba. The total value of dairy products in 1925 was approximately \$12,422,222. The production of creamery butter, reported by the 11 creameries, amounted to 16,559,691 lbs., which was 2,009,105 pounds more than in 1924, and the selling price at the creameries was \$3,695,540.

## HAVE YOU ANY OF THESE SYMPTOMS?

If You Have, You Are in Need of a Tonic Medicine

Are you pale and weak, easily tired and out of breath on slight exertion? Are you nervous? Is your sleep disturbed? Do you wake up in the morning feeling as tired as when you went to bed? Is your appetite poor, your digestion weak and do you have pains after eating?

If you have any of these symptoms you need a tonic, and in the result of medicine there is no better tonic than Dr. Williams' Pink Pills, which enrich your blood and strengthen your nerves and bring the glow of health to pale cheeks. The value of Dr. Williams' Pink Pills is shown in the case of Mr. Horace Caplin, Woodward's Cove, N.H., who writes: "The first indication that my general health was not good was a shortness of breath after the least exertion. Then my appetite began to fail and in the result of it seemed as if there was a lump in my stomach. I grew so weak that I could not walk a hundred yards without resting. Then I was taken with a numbness all over my body and was in a sad plight. It was under a doctor's care, but as it was not getting better, I decided to try Dr. Williams' Pink Pills. The first few boxes did not seem to help me, but my wife urged me to continue their use and I got four boxes more. Before these were gone I could eat a full meal, the numbness was leaving me and I was feeling much better in every way. I took the pills for a while longer, and felt that I was again a well man. I still take the pills occasionally, but I have had no return of the trouble."

You can get these pills from any medicine dealer or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

## Russia's Income Tax

High Rate Aimed at Get-Rich-Quick Speculators

Under the new income tax law just proclaimed in Russia monthly incomes below 100 rubles—about \$10—will be exempt. Incomes above 100 rubles—about twenty-seven dollars—will be taxed. Above that the tax begins at six per cent. and rises rapidly. Anyone who has an income that amounts to more than one hundred dollars a month in Canadian money must pay the government eighty per cent. of the excess. The law is aimed at the merchants and speculators who are taking advantage of the scarcity of every kind of article in Russia to make quick returns. It is said that there are a great many such men whose income is now expressed in trillions of rubles a month.

## Canada Pacific Excursions To Pacific Coast

A change of scene and air will help you to retain your good health, make you more fit mentally, give you a knowledge of the beauty and vastness of your country, which possibly you never realized before, and add to the joy of living. A trip to the Pacific Coast through the magnificent Canadian Pacific Rockies, with a stop-over at Banff, Lake Louise and Glacier, where beautiful Resort Hotels are maintained, or a visit to the delightful moderate priced Hungate Camps, will give you this chance. Summer Excursion Tickets are on sale daily, May 15th to September 30th, to Vancouver, Victoria and other Pacific Coast points, which will allow stop-over and hear return limit until October 31st.

Spend this Summer's Vacation in a trip to the Pacific Coast, and when you go travel Canadian Pacific.

Eight papers have been named Treason, the first of them holding that position from 222 to 230.

Minard's Lintiment for sale everywhere

## Household Hints

Valuable Recipes For The Busy Housewife

### Coconut-Ginger Gems

1/2 cup butter, 1 level teaspoon ginger, 1 cup molasses, 1 level teaspoon soda, 1/2 teaspoon salt, 1/2 cup chopped Sun-Maid seeded raisins.

2 cups flour, 1 teaspoon cinnamon, 1/2 cup milk, 2 eggs.

Cream butter and sugar, add molasses and beaten egg yolk; then add milk in which soda has been dissolved. Combine salt, flour and ginger and gradually stir into first mixture, then add raisins and stiffly beaten egg whites. Fill well greased gem pans half full. Remove some of the centres when baked and fill with preserves or jelly and chopped nuts. Frost with a thick coconut frosting.

### Bradley Molasses Cookies

1 cup shortening or lard, 1 teaspoon ginger, 1 teaspoon cinnamon, 1/2 cup boiling water, 1/2 teaspoon cloves.

1/2 cup sugar, 2/3 cup flour, 1/2 cup molasses, 3/4 teaspoon soda, 1/2 teaspoon salt, 1/2 cup Sun-Maid seedless raisins.

Melt shortening in the hot water, add sugar and molasses and the dry ingredients, which have been sifted together. Add plumped raisins, roll thin and cut into fancy shapes. Bake in a moderate oven 15 minutes. Decorate with frosting forced through a small pointed paper pastry tube.

### Manslaughter In 2nd Degree

Using a razor—bad stuff—but many people do it for their corns. The only remedy that is painless and sure is Putnam's Corn Extractor, which does remove warts and corns, cleans them right off. Refuse a substitute for Putnam's, 25c everywhere.

## Increase In Game

Sanctuaries in Canadian Rockies Provide Feeding Grounds for Deer

Indications of a continued rapid increase in the number of big game animals as a result of sanctuary conditions in Jasper National Park in the Canadian Rockies in the province of Alberta are contained in recent reports from the superintendents. Guides grazing their pack-horses in the Buffalo Prairie region of the park are finding difficulty in securing sufficient feed for their animals owing to the exceptionally large numbers of elk, deer and caribou, grazing in that section. As many as one hundred elk have been seen feeding there at one time, while sheep and goats are also reported numerous.

## Could Hardly Live for Asthma

Writes one man who after years of suffering has found complete relief through Dr. J. D. Kellogg's Asthma Remedy. Now he knows how needful it is of curing Asthma. This matches remedy gives sure help to all afflicted with asthma. Inflated as smoke or vapor it binds the help so long needed. Every dealer has it or can get it for you from his wholesaler.

## Making Use of the Cactus

Some day the cactus may prove to be one of our most useful plants. Its value as a water reservoir has long been appreciated; lately it was found suitable for clothing. Now come two other uses. In South Africa a man has found a way of converting the juice of the prickly pear into industrial alcohol, and an experimenter in Cuba asserts that he can make a superior quality of rubber from the juice of a certain kind of cactus.

## HER HEART SKIPPED EVERY THIRD BEAT

Mrs. James Durleigh, 248 King St. E., Chicago, Ont., writes: "I was it my duty to let you know that Milburn's Heart and Nerve Pills have done for me."

I suffered for years with palpitation of the heart, my nerves were very bad, and I could not be left alone at any time. I doctored for over a year, and the doctor said my heart was very bad as it skipped every third beat.

I gave up, just at this time, and then my mother advised me to try Milburn's Heart and Nerve Pills, saying my eldest brother had been relieved by using them when he was very bad with his heart and nerves. I got a box and started to take them, and when I had used it I felt a lot better; could sleep a little and felt stronger.

I continued taking them for about three months, and felt better than I had for years.

When I think of the misery and suffering I went through before I started Milburn's Heart and Nerve Pills, I feel like telling everyone I know what they did for me."

## Cuticura Talcum Soothes And Cools

After a warm bath with Cuticura Soap there is nothing more refreshing for baby's tender skin than Cuticura Talcum. If his skin is red, rough or irritated, anoint with Cuticura Ointment to soothe and heal. They are ideal for all toilet uses.

Size 25c. Ointment 25c. Soap 25c. Sold throughout the Dominion. Canadian Branch: The T. Milburn Co., Limited, 248 King St. E., Toronto, Ont.

## Comfort For Campers

A Handy Folding Camp Stove Is Just The Thing

If you are going camping this year, nothing will add more enjoyment and comfort to your outing than a good reliable camp stove. The Troy Foundry and Machine Co. supply a compact, durable, handy camp stove that folds up like a suitcase. It will burn any kind of fuel, and is a most dependable stove. This stove has been used extensively by campers, motorists, prospectors, canoeists, trappers and others who live for a season in the great outdoors. If you are contemplating an outing this year it will pay you to give a position to the Troy Foundry and Machine Co., Bank of Hamilton Building, Toronto, and they will send you full information and particulars.

## Agricultural Training

The 10th annual university week for farm young people of Alberta will be held this month. There will be accommodation for 200 boys and 150 girls, between the ages of 16 and 25, from the farm. The programme for the six days will include instruction in various lines, including agriculture.

## Milburn's Worm Powders

Not only the intestinal system is infected by worms, but by their action on the stomach, liver and bowels they corrupt such troubles as lack of appetite, biliousness and other internal disorders that the worms create. Children thrive upon them and no matter what condition their worm-infested stomachs may be in, they will show improvement as soon as the treatment begins.

## Making Use of the Cactus

Some day the cactus may prove to be one of our most useful plants. Its value as a water reservoir has long been appreciated; lately it was found suitable for clothing. Now come two other uses. In South Africa a man has found a way of converting the juice of the prickly pear into industrial alcohol, and an experimenter in Cuba asserts that he can make a superior quality of rubber from the juice of a certain kind of cactus.

In South Africa a man has found a way of converting the juice of the prickly pear into industrial alcohol, and an experimenter in Cuba asserts that he can make a superior quality of rubber from the juice of a certain kind of cactus.

## Making Use of the Cactus

Some day the cactus may prove to be one of our most useful plants. Its value as a water reservoir has long been appreciated; lately it was found suitable for clothing. Now come two other uses. In South Africa a man has found a way of converting the juice of the prickly pear into industrial alcohol, and an experimenter in Cuba asserts that he can make a superior quality of rubber from the juice of a certain kind of cactus.

# Hon. Stanley Baldwin Succeeds Bonar Law As Britain's Prime Minister

London.—Right Hon. Stanley Baldwin, Chancellor of the Exchequer, is the British prime minister in succession to Right Hon. Andrew Bonar Law. Having followed the constitutional practice and ascertained the views of the Conservative leaders through the medium of his secretary Lord Sturges, the King came to London and without further delay offered the premiership to Mr. Baldwin, who accepted.

That a man comparatively new to politics thus comes to the first position in the nation's councils, passing over well-tried and experienced statesmen like Marquis Curzon and the Earl of Balfour, indicates the change which is taking place on the political stage with the rise for the first time in the country's history of the Labor party to the position of His Majesty's Opposition in Parliament.

Necessity, the Labor party is not represented in the House of Lords, unless the presence of peers like Lord Haldane, who has great sympathy with the Labor party, and is looked upon as one of the certain ministers should the Labor party in the near future be in a position to form a government, and be asked to give Labor a slight standing in the upper chamber. It was this fact of no representation of Labor in the Lords which ruled Curzon out as a possible premier. In the opinion of a majority of the Conservative leaders, the present Opposition in the House of Commons is the most energetic and vigorous Parliament has had in many years, and it is felt necessary that the first minister of state must be in the Commons to meet the attacks of this Opposition.

The new prime minister, like his predecessor, has graduated from trade, and also like Mr. Bonar Law, from the iron trade. Neither of these men were trained in politics but adopted politics after a successful commercial career. This also is a departure to some extent from British traditions, the statesmen in the past being to a very large extent recruited from the ranks of the aristocracy or the legal profession. This fact insures for the new premier the support and confidence of the commercial and financial world which will be a great asset for him.

Mr. Baldwin will now proceed to appoint a new ministry, and the general belief is that for the most part the present ministers will be reappointed, but this is by no means certain.

## Clause In Debt Pact To Be Withdrawn

Prohibited United States From Collecting Direct From Germany

Paris.—Sir John Bradbury, British representative in the negotiations over the payment of the costs of the United States army of occupation, is understood to have received instructions from London to withdraw from the agreement the clause to which the United States objected, and thus come into agreement with France and Belgium as to accepting the United States debt without further charges. The objectionable clause stipulated that the agreement should cease to be effective if the United States proceeded to collect war damages from Germany directly.

## Children Save Train

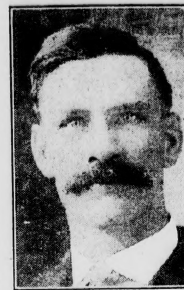

Sydney, N.S.—Discovering a flaw in the railway track at Eden, N.S., two small daughters of William Miller, sectionman, secured tapers from their father's track walking outfit and stopped the Sydney express in time to prevent its derailment. The children are ten and twelve years old.

## Four Killed By Snow Slide

Denver, Colo.—A snow slide, sweeping down the mountains at a terrific speed struck the west end of a tunnel on the Denver and Salt Lake Railroad between Corona and Dixie Lake, Colo., killing four workmen and injuring two others.

## Delorme Trial Coming

To Stand Trial at June Term of Criminal Assizes

Quebec.—Official announcement that Rev. Adelard Delorme was being transferred from Hospital Achille to Bordeaux jail, Montreal, to be ready to stand his trial on the charge of murdering his half-brother, Raoul, in Montreal on January 6, 1922, was made by Premier Taschereau following a meeting of the provincial cabinet, at which the abbe's case was considered.

The Premier said: "We have ordered the immediate transfer of Abbe Delorme to Montreal, and he will stand trial at the June term of the criminal assizes."

## More Building This Year

Dominion Statistics Show Twenty-Five Per Cent Increase

Ottawa.—A pronounced expansion in building operations during April was indicated in the monthly reports of building permits furnished by municipal officials to the Dominion Bureau of Statistics. The aggregate value of the building authorized by the 60 cities making returns stood at \$17,241,061, \$3,999,332 or 16.5 per cent higher than in March, when the prospective building was estimated at \$8,541,228. The value for April, moreover, exceeded that for the corresponding month of last year by \$3,496,853 or 24.9 per cent. It was also higher by 41 and 18 per cent, than in April, 1921 and 1920, respectively.

## Three Prairie Premiers Endorse Co-Operative Cattle Selling

Premier Greenfield of Alberta, Premier Dunning of Saskatchewan, and Premier Bracken of Manitoba, visited the Union Stockyards, St. Boniface, in connection with a shipment of cattle to British markets under the co-operative pooling plan inaugurated by United Grain Growers Ltd. In three different companies there are on the way to Glasgow, to Dundee and to Manchester. The Premiers also watched the process by which mixed cars of cattle as received by the pool from the country are sorted up into even car lots before being offered for sale, shipped to markets in Great Britain or exported.

"It is a wonderful advance in cattle marketing," said Premier Greenfield, speaking of the co-operative pool method. "It means getting for farmers the full value of their cattle on the final market."

"We have been preaching co-operative marketing of cattle for years in Saskatchewan," said Premier Dunning, and were delighted when the former method of co-operative shipping to western markets was broadened out by the pool method to cover the final marketing of cattle. We are watching with great interest the extension of the co-operative plan to cover the export of cattle to Great Britain."

"What appeals to me most," said Premier Bracken, "is the system by which cattle are sorted up before they are offered for sale. I am sure this plan of selling is going to bring more money to farmers, especially those who are raising the better grades of cattle. It means developing our cattle industry by encouraging the men who are breeding and feeding the right kind of cattle."

From left to right in the group above are: C. C. Chipman, Editor Grain Growers' Guide; Premier Bracken of Manitoba; Hon. R. J. Rice-Jones, General Manager United Grain Growers, Ltd.; Premier Dunning of Saskatchewan; Hon. E. M. Black, Provincial Treasurer of Manitoba; and Premier Greenfield of Alberta.

# Saskatchewan And Alberta May Establish Wheat Board This Year

## FAVORS H. B. ROUTE

STATEMENT IN SENATE THAT GOVERNMENT WILL OPERATE RAILWAY

Ottawa.—In the Senate, Hon. R. B. Pope drew attention to the importance of the Hudson Bay district, and asked what the Government intended to do to make this route available to traffic. He had in his possession an authentic report of German activity previous to the war, when the German Government equipped unsinkable ships and sent them into Hudson Bay, where they navigated the straits every day of the year. The north country had a wonderful mineral wealth and fishery production, and also had oil fields and fur lands which could be developed under the present freight rates. Senator Casgrain wanted this report submitted to the members of the Senate.

Senator Broadhurst informed the House that the Government had not abandoned the Hudson Bay route, and would operate the railway, so that the investment made would not be lost.

Senator Fowler claimed the Hudson Bay route would be the great cattle route for the west, and would develop the mineral wealth of that enormous territory.

## Eastern Island Still Safe

Report that Island Had Sunk Beneath Pacific Is Now Denied

Santiago, Chile.—Recent rumors that Easter Island had sunk beneath the Pacific during the intense earthquake of last November have been proved unfounded. The fishing schooner Falcon which left for the island in February has returned, reporting that all was well.

The island, which is used by the Chilean Government as a penal colony, has a population of about 1,200. It is the easternmost inhabited member of the Polynesian group, and is remarkable for its giant pieces of sculpture, apparently the work of a prehistoric people. The island lies 2,300 miles west of the Chilean coast.

Every dollar spent in your home town is a boost for the community.

Ottawa.—Well-informed political circles at the capital are convinced, on the authority of private information from Western Canada, that the Government of Saskatchewan and Alberta are standing firm on their decision to establish a wheat board to handle the 1923 crop.

The premiers of these provinces have had little to say since the Manitoba Legislature decided not to participate in the organization of a board, but there have been many private conferences, and the recent visit to Ottawa of Premier Greenfield of Alberta undoubtedly had a relation to the negotiations.

It is suggested that Mr. Greenfield and Premier Dunning of Saskatchewan are meeting this year the same difficulties which made impossible the organization of a board last fall. Authoritative reports indicate that James Stewart of Winnipeg, and F. W. Riddell of Regina, again have refused to accept responsibility for the board and indicate further that others prominent in the grain export business who were approached last year and who declined then to take the chairmanship or vice-chairmanship have not altered their decisions. These men include John MacFarlane of Calgary, J. R. Murray, James Hordson and Cecil Rice-Jones of Winnipeg, and H. W. Wood of Calgary, President United Farmers of Alberta.

Faced with the necessity, according to these reports, of going beyond the ranks of the active export traders for a chairman and vice-chairman of the proposed board, there is a strong probability, it is stated, that the two premiers will offer the positions to J. H. Huston of Regina, and Thomas Sales, Progressive Member of Parliament for Selkirk, Sask.

Mr. Huston was a member of the Royal Commission which made a partial investigation into the grain trade in 1921 and for many years he has taken an active interest in agricultural problems. Mr. Sales is a practical farmer and a director of the Saskatchewan Co-operative Elevator Company and the Saskatchewan Grain Growers' Association.

## Immigration Law Amended

British Subjects Can Now Be Deported For Seditious Acts

Ottawa.—The Senate amended the Immigration Bill by striking out the clause which removes British subjects from the operation of the deportation provisions of the present act.

Under these provisions, which were inserted following the Winnipeg strike of 1919, any person other than a native born Canadian who seeks to overthrow by force constituted authority can, during the first five years of his residence, be deported after an inquiry by the Immigration Department.

Sir George Foster asked why exception was made in favor of people from Great Britain, and Senator Fowler said the most dangerous men came from the British Isles. Senator Robertson said that two years ago he had favored the removal of citizens from Great Britain from the jurisdiction of this clause, but he had altered his mind in some respects, and while the Communist party sought to spread Russian propaganda in this country, it was well to retain the act as it was.

## Cross Europe In 30 Hours

Aeroplane Companies and Railways Can Transport Passengers in Short Time

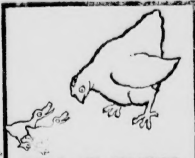

London.—Through the collaboration of the aeroplane companies with the continental railways, it is now possible to travel from London across Europe in less than 30 hours. Passengers leaving London in the late afternoon can catch the 7.45 p.m. Orient Express at Paris, arriving at Strasbourg at 3.30 in the morning and taking an aeroplane for Bucharest or Constantinople. The last lap of the journey between Belgrade and Bucharest is covered at night in a machine with a triple motor and Bucharest is reached about 10 p.m.

### GRAIN BUYERS

Wanted for the coming season at country points. We are not at all ready to handle anything but a reliable quantity. As all our grain is handled subject to government inspection and weight, special experience is unnecessary.

### RUPTURE EXPERT HERE

Seeley, Famous in This Specialty. Called to Calgary.

H. B. Seeley, of Chicago and Phil. Johns, the noted rapture expert, will personally be at the Pullman Hotel and will remain in Calgary this Sun. day, Monday and Tuesday only, June 24, 25 and 26. Mr. Seeley says: "The German Shield will not only cure any case of rupture perfectly, but contracts the opening in 10 days on the average case. Being a vast advancement over all former methods—exemplifying instantaneous cure, its immediately appreciable and outstanding any strain or position no matter the size of the location, or on difficult cases, or incisional ruptures (following operations) specially solicited. This instrument received the only award in England and in Spain, producing results without surgery, injections, medical treatments or prescriptions. Warning—All cases should be cautioned against the use of any medicine or which runs with understraps, as same not where the lump is and not where the opening is, producing complications necessitating surgical operations. Mr. Seeley has demonstrated from the United States Government, Washington, D. C., for incision. He will be glad to demonstrate without charge or fit them if desired. Business demands prevent stopping at any other place in this section.

P. S.—Every statement in this notice has been verified before the Federal and State Courts—H. B. Seeley.

### DICKEN'S LONDON FILMED IN "OLIVER TWIST"

According to Frank Lloyd, director of "Oliver Twist" in which Sol Lesser is soon to present Little Jackie Coogan at the Didsbury Opera House, the reproduction of the scenes in "Field Lane" are photographically accurate. It was in this disreputable quarter of London that Oliver Twist was held captive by Fagin and his evil band. The place still exists, though much of the wickedness rampant there in Dickens' day has been wiped out. But the landmarks remain, and any student of Charles Dickens' works, familiar, too, with the illustrations done by Cratchit, the great illustrator of Dickens' characters, may find them and identify them beyond any shadow of doubt. These will be shown just as they were in Dickens' day and described in Dickens' books in the massive production soon to be offered here.

### CANADIAN COWMEN BEHIND STAMPEDE

Coming Event Promotes to Ellipse Anything Heretofore Attempted In Frontier Celebrations

"That the Calgary Exhibition, Stampede and Buffalo Barbecue scheduled to be held the week of July 5th to 15th will outdistance anything of a like nature that has ever been on the North American continent, seems now to be an assured fact.

First of all, there is no place in the West that has the natural location, with such scenic embellishments right at its door, the historical data to work upon, such as the Hudson's Bay Company's frontier activities, the honored traditions of the Royal North West Mounted Police, the native reservations practically at the city limits, the cowmen in their picturesque work, and last but not least, the great number of old timers, both men and women, who still live in the vicinity; men and women who are the actual pioneers of this Last Best West; whose untiring efforts and strenuous undertakings in a primitive country are the real cause of the wonderful development that has been attained in this country in comparatively few short years.

From the time of the stupendous stampede parade on Monday morning, July 9th, until the feed of buff. To meet cooked a deep pit over a cooking fire Saturday night, July 14, Calgary will really turn back to the good old days for one glorious week. Citizens will wear cowboy attire and the main streets will be reserved during the mornings for saddle horses, Indian excursions, chuck wagons, cowboys and cowgirls.

The parade alone will be well worth going a thousand miles to see. Hurling the old West, and the Indians, up to the present day development. On the grounds, the Hudson's Bay Company are erecting a permanent log trading post; the southern Alberta and Old Time Association and the Royal Canadian Mounted Police Veterans Assn. are each erecting permanent log headquarters. These will be surrounded by Red River carts, Indian Tepees and a real Indian village.

The event is to crown the Canadian champions in the various cowboy sports, also Provincial championships, for which generous cash prizes are offered, as well as the grandest list of special prizes ever offered for any sporting event. The special prizes include sterling silver horses and equestrian cases presented by H. R. B. The Prince of Wales, magnificent trophies from Mary Pickford and Douglas Fairbanks, buffalo heads and robes and saddles etc.

That week Calgary will celebrate the opening of the Banff-Windermere Highway, and will pay tribute to the pioneer settlement of the North West in a way that will be a surprise to the thousands of visitors from a distance. Special free accommodation bureau will be maintained at the station, so that there should be no difficulty in procuring accommodations. These accommodations will find an ideal free auto camp with every convenience placed at their disposal.

Price list, illustrated folder and full information may be obtained by writing E. L. Richardson, Exhibition Manager, 401 West 10th, Stampede Manager, Calgary, Canada.

## LETHBRIDGE LABOR ENDORSES

**CLAUDE "D" IN PLEBISCITE**

Following a careful explanation of the meaning of the four propositions on the liquor plebiscite ballot to be voted on November 5, next, by Fred White, M. L. A., of Calgary, a meeting of the labor men of the city of Lethbridge adopted the following resolution:

"That whereas the present prohibition Act is very much of a failure and productive of a great deal of dissatisfaction, deception, fraud and profiteering, and in very many cases very disastrous upon those least able to bear it:

"Therefore, be it resolved that we, the members affiliated with the Lethbridge Trades and Labor Council and other workers of the city go on record as being strongly in favor of section 'D' with 'C' as second choice, and are desirous of emphasizing the fact that we are opposed to the open bar system."—Morning Alberta.

## DEATH OF MRS. J. TABERT

(Too late for last week's issue)

The sad news of the death of Mrs. Joe Tabert that was flashed over the community on Wednesday morning of last week was a great shock, and her early demise is very deeply regretted by us all. Mrs. Tabert was a person of a very kind disposition and loved by all who made her acquaintance. Mrs. Tabert, nee Carson, was born September 3rd, 1859 at Winnebago, Minnesota, came to Alberta some time ago where she made her home with her sister, Mrs. James McCullough, east of Didsbury. On April 28th, 1922, she joined heart and hand with Joseph Tabert. They took up farming and were just getting a fine start, Joe being a great worker and surely would have provided a beautiful home for his beloved wife had not death claimed her.

She leaves to mourn her deeply bereaved husband, a father, two sisters and two brothers, and a host of friends. The funeral which was well attended by many friends took place from Mr. Durrer's Undertaking Chapel on Friday last at 2 o'clock. Interment was made in the Didsbury cemetery. The floral gifts were beautiful. Funeral text, Matt. 26: 12.

## "DON'T SHOOT"

"Don't Shoot!" The darkness of a great room saw the shadowy movement of several figures. The lights switched on, and a great tragedy was written into the book of life when a man and a woman who had never met before were compelled to marry because an insanely jealous man thought his fiancée was in love with another man. The dramatic grip of "Don't Shoot," Herbert Rudinow's latest Universal starring vehicle, in its pre-eminent virtue, George Branson Howard wrote the story and Jack Conway directed it. It will be shown at the Didsbury Opera House on June 23rd.

## NEARLY TWELVE THOUSAND MILES IN GRAY DORT CAR WITHOUT MISHAP

Mr and Mrs. Fred H. Webb of Saskatoon visited Chatham on May 15th in their Gray-Dort 1918 Special, which they drove to Florida and a return via Boston, New York, Ottawa and Montreal, having already covered 11,700 miles without a mishap, adjustment or even a puncture.

This car was purchased from Gray Campbell Ltd., the Gray-Dort distributor at Saskatoon, last August. In October of last year they set out driving through the States of Montana, Wyoming, Colorado, Oklahoma, Texas and Mississippi, Louisiana, Alabama, Georgia and Florida arriving in Miami, Florida on December 7th. After a short trip to Havana, Cuba, with its "moist climate," world famous race tracks and Western Monte Carlo they commenced their return journey on March 7th traversing the tortuous roads in the swamps of the Southern States to Boston where they stayed three weeks, thence to New York, through the Adirondacks to Montreal, Ottawa, Toronto, Hamilton and Chatham.

They encountered roads of almost insuperable difficulty, necessitating long runs on low gear. They drove through scorching steams where ice bouled against the sides of the car, climbed narrow mountain roads, full of deep ruts and mud, bucked snow drifts as high as the top of the radiator, but never once did the engine miss a beat nor was an adjustment of any kind made on the engine.

They never even had a puncture. Their car was an object of admiration wherever they went and was a wonderful advertisement for Chatham and its ability to build such a wonderful performing car.

Mr and Mrs. Webb are on the last leg of their journey travelling via Detroit, Chicago, Minneapolis, Winnipeg and Regina back to Saskatoon where they expect to arrive on June 1st. This will bring their total mileage to 11,000.

## LONG STRIP FOR A LONG TRIP

TWO small travellers at Liverpool examine the six-foot Canadian Pacific Railway tickets which will cover their 6,000 mile tour through Canada and the United States. The tickets, which cost \$40.16 each, cover 50 different tourist centres of the North American continent.

## Acadians to Visit Grand Pre

Grand Pre Memorial Chapel and, inset, the statue of Evangeline.

THE "Land of Evangeline" will become the scene of another celebration on August 26th. At a meeting of the Grand Pre Memorial Committee recently held at Moncton, arrangements were made for an excursion to Grand Pre on that day. Special trains will carry people from all points in Nova Scotia to the little town from whence the long suffering Acadians were deported by the English in 1755, and it is anticipated that people will join the excursion in from all parts of the Canadian and the United States.

One of the features of the day's programme will be the unveiling of the Memorial Chapel, of a statue of the Madonna, which will be erected in recognition of the noble work accomplished by the Acadian National Society. The statue, which is 7 1/2 feet high rests on a six foot base, has great purity of design, and is claimed to be the first of its kind on the American Continent.

Whales are resented early and plentiful this season and dispatches from Victoria state that conditions surrounding the inauguration of the deep-sea hunt this year are the most promising in more than a decade. The demand for whale meat has become so pronounced that the prospective pack of the Victorian whalers is already disposed of. England will be the absorbing market for canned whale meat this year.

A replica of an old time Hudson's Bay fort, such as one was the nucleus of the western posts of the great company, and which still exist in the north, will be erected at the Calgary Exhibition grounds, July 3 to 14, as a part of the Stampede feature. Special arrangements are also being made to provide a commodious camping ground for the old timers who will attend with the old fashioned chuck wagons and cowboy equipment.

To surpass the great Calgary Stampedes of 1912 and 1919.

Celebrate the opening of the Banff-Windermere Highway.

Opens Monday with a stupendous Stampede parade; closes Saturday night with a buffalo feed cooked in deep pits over roaring fires, in true old time style.

Canadian champions and Provincial champions in cowboy sports will be crowned. Wonderful list of cash and special prizes, including Prince of Wales's prize, a sterling silver horse. Beautiful trophies from Mary Pickford and Douglas Fairbanks.

Old Timers Re-union. Real western village with Indian chiefs, braves, squaws; Hudson's Bay trading post, Old Timers' headquarters. Royal Canadian Mounted Police Veterans' headquarters, all built of logs, surrounded by Red River carts, Indian Teepees, etc.

Calgary is really going back to the good old days for one glorious week. Citizens to wear cowboy attire. Main business street reserved mornings for saddle horses, Indians, cayuses, chuck-wagons, etc.

Special exhibition rates in force from Saskatchewan, Alberta and Eastern British Columbia, points, Golden and Revelstoke; and summer tourist rates in force from U. S. and Canadian points to Banff and Lake Louise, with privilege to stop off at Calgary.

Calgary has an ideal free auto camp.

Send for prize list and illustrated folder.

Be here for the thrills, and then visit Banff and Lake Louise.

E. L. RICHARDSON,  
Exhibition Manager.

GUY WEADICK,  
Stampede Manager.

**NOTICE**  
Municipal District of Westerdale  
No. 311  
Notice is hereby given that if all arrears of taxes imposed in 1922 in respect of any parcel of land situated within this Municipality are not paid on or before the first day of July next, such lands will be dealt with under the provisions of the Tax Recovery Act, 1922, with a view to obtaining certificate of title in the name of the Municipality in respect of such parcel.  
Dated at Didsbury this 4th day of June, 1925.  
A. McNAUGHTON, Sec. Treas.

**TAX SALE NOTICE**  
Municipal District of Westerdale  
No. 311  
Notice is hereby given that a list of lands against which proceedings have been begun under THE TAX RECOVERY ACT, 1922, appears in THE ALBERTA GAZETTE, published on the 15th day of May, 1925, and unless the amount of arrears of taxes and costs are paid on or before the 15th day of October, 1925, a certificate of title will issue to the Municipality in respect thereof. A copy of the said list may be seen in the office of the Secretary-Treasurer during office hours.  
Dated at Didsbury this 4th day of June, 1925.  
A. McNAUGHTON, Sec. Treas.

### BURNSIDE

Don't forget the Burnside U. P. A. annual picnic at Burnside school on June 26th. Ball games and sports of all kinds. Everybody come and have a good time.

We are sorry to hear that Mrs. Tom Finlay is laid up with inflammation of the ear.

Quite a number from here attended a children's day at Community Hall last Saturday.

Mr. and Mrs. Frank Rock and Mrs. Griffin spent Sunday with Mr. and Mrs. Wai, Lyons.

There was a very good attendance at the Jackson school on Sunday to hear Rev. Bender preach the U. P. A. sermon.

Mr. and Mrs. Edgar Dreyfus and son spent Sunday evening at Nash Eckels.

Mr. Wylie, the Presbyterian minister from the Stuart school district will hold services in Burnside school next Sunday, the 28th.

### WESTCOTT

Robert Dorewell has returned from Edmonton school for his holidays.

**BORN**—To Rev. and Mrs. Nhem on Friday, June 15th, 1925, a son.

Lightning does some slight damage in our district recently.

Everybody is rejoicing over the great rainfall the crops are looking fine.

Some of the grades in Westcott school are enjoying the pleasure of examinations this week.

A very pleasant surprise party was held at the home of Mr. and Mrs. Benne in honor of Miss Alice's birthday last week.

We are glad to see Miss Nina Erh in Westcott district once more.

Mr. Murphy and Mr. Hollingsworth made a business trip to Calgary last week.

Mrs. Klinek and Mrs. Jess Tuggle attended the Justice meeting at Mr. Jack Robertson's.

Norrie Stringer and daughter Jennie left these parts last week for Clay Centre, Kansas.

Helen and Ethel Tittsworth and the Armstrong young people were dinner guests at Mrs. Benne's on Sunday.

Mr. Hollingsworth and sons have purchased a new Gray Ford car.

### TOWN OF DIDSBURY

#### NOTICE

NOTICE is hereby given that a petition has been presented to the Council of the Town of Didsbury under the provisions of the Early Closing Act praying for the passing of the following (Closing By-Law):

1. The expression "shop" in the By-Law shall mean and include any premises or place where retail trade is carried on and shall also include the premises or place in which a barber or blacksmith or other artisan carries on his trade, but the expression "shop" shall not include any premises or place where any of the following businesses are carried on, namely:

1. Post office, the sale of medicines and medical and surgical appliances, or the sale of refreshments for consumption on the premises, the sale of tobacco or other smokers' requisites, the construction of stoves, furnaces, feed bins and C. P. R. coal offices.  
2. No shop except a blacksmith shop shall be kept open for business on the 15th day of May, 1925, and any business by conducted thereon after 1 o'clock p. m. on all Wednesdays from the 15th day of May to the first day of September, both days inclusive in any year.

No blacksmith shop shall be kept open as aforesaid after the hour of 5 o'clock p. m. within the time above mentioned.

Provided that this section shall not apply to any week in which a legal holiday is observed.

3. Any person violating any of the provisions of this By-Law shall be liable on summary conviction to the penalties imposed by the Early Closing Act.

Notice is hereby further given that objections to the petition presented to the Council praying for the passing of such By-Law on the ground that such petition is insufficiently signed or otherwise affecting the validity or sufficiency thereof must be filed with the Secretary-Treasurer on or before the 5th day of July, 1925, and that if no such objections are filed before the said date the Council will forthwith proceed to pass the said Closing By-Law.

N. McFARLIN,  
Secretary-Treasurer.

### MOUNT ETNA

#### IN FIERY ERUPTION

CATANIA, June 21.—The smoldering, fruitful and thickly populated slopes of Mount Etna and the surrounding country, as the correspondent of the Associated Press saw them in the past, lay now become with ghastly suddenness "the land of dreadful night."

Through the thick darkness, which can almost be felt, flows the crimson of the lava fire flowing from the black lips of the craters, extending for miles and gradually growing darker as the molten mass cools and hardens, until cracks and crevices appear on the surface through which can be seen bubbling up the boiling lava.

The fields of Fiano, Freato, Dian, and Calatabiano, once green and beautiful, now covered with heavy drizzle of dust and cinders, tremble and heave beneath the feet, while the roaring sounds accompanying the eruption mingle with the rumbling of berries through the darkness, carrying away the refugees and their possessions from the doomed villages.

Approaching the volcanic masses of fiery material thrust up from the smaller craters can be seen. They roll slowly down the mountain side and above them are dense clouds of smoke and vapor. One by one the splendid homes and villages are overthrown and destroyed. Vineyards and gardens have been consumed in the fierce heat long before the lava reaches them, throwing off myriads of sparks, and finally smoulder down into grim darkness.

A stumbling block is a stepping stone you tripped over.

## Here and There

Saskatchewan's crop cost \$187,000,000 to produce last year. The proceeds amounted to \$324,000,000.

During the month of April and the first two weeks of May 300 claims were registered in the counties of Temiskaming and Abitibi, the gold field of the province of Quebec.

"Twenty marriage engagements are among the results of a round-the-world voyage of a C.P.R. liner," Mr. Healy has a lot to answer for. —Ottawa Journal.

With a population which is over 70 per cent rural Saskatchewan has a larger automobile registration than any other province. One in every 15 people owns a car.

One of the largest fish caught in the history of Lake Timagami was recently caught by E. B. Hamilton who, with a small bass hook and light steel rod landed a salmon trout weighing 24 pounds and measuring three feet in length.

In 1920 there were cut in Canada 4,024,826 cords of pulpwood. This would, if piled four feet high and four feet wide, reach in a continuous line over 6,000 miles, or the distance from Vancouver to Halifax, and out over the Atlantic to Queenstown, Ireland.

Trees in the number of 10,000 were distributed among Saskatchewan school children by the Parks Officials and Dominion Forestry Branch on the occasion of Arbor Day. Each child received one maple and one ash. Last year only 5,000 trees were distributed.

## SUMMER HOLIDAYS
